

## FROM HONOLULU.

The Steamer Mariposa Brings Startling News.

### ANOTHER INSURRECTION.

Leaders of the Movement Preparing to Seize the Queen and Hold Her Until She Signs a Modification of the Constitution by Which the Natives Are to Be Accorded More Power—No Rain in Hawaii for Seven Months—Heavy Fire Loss to the Standard Oil Company.

SAN FRANCISCO, June 12.—According to advices received from Honolulu by the steamer Mariposa yesterday, there is talk of another insurrection there. Bush and Wilcox, the leaders of the last revolution, are said to be at the head of the present movement. The queen is making a circuit of the islands in a small steam yacht, and the conspirators' plan is reported to be to meet the queen in a tug and hold her until she signs a modification of the constitution by which the natives are to be accorded more power. The Advertiser, the people's paper, says that the revolution is coming, while The Bulletin, the government organ, denies it.

No Rain for Seven Months. Drouth still continues in Hawaii. No rain has fallen for seven months.

Heavy Fire Loss. The loss by the burning of the government kerosene ware house amounts to \$130,000, all of which falls upon the Standard Oil company.

### A FOUL MURDER.

A Hungarian Shot at Cleveland and a Revolver Left Close By.

CLEVELAND, June 12.—The dead body of Louis Cadar, a Hungarian, was found in a vacant lot near Chadwick street, shortly before 5 o'clock Thursday morning. A St. Bernard dog first discovered the body and returning to its master made known to him that it had found something which it wished him to see. The owner of the dog, who lives on Kinsman street, suspected that something unusual had happened in the vicinity, and willingly followed the intelligent animal to the lot where he found the body of a man lying face downward in a pool of water. His chest was covered with blood and there was a bullet wound through his heart. About twenty-five feet distant lying on the grass was a revolver. The body had evidently lain on the spot all night. It is believed to be a murder.

Cared for by Secret Societies.

INDIANAPOLIS, June 12.—Officer Moore, of the Union station force, was passing through the station at a late hour Wednesday night when he was accosted by a neatly dressed lady with the query: "Lord, what will you have me to do?" The officer perceived that the questioner was either ill or crazy and he replied that he would have her enter the sitting room and be quiet. Without a word she did as directed. The officer then sought out the conductor of the Big Four train and learned that the lady boarded the train at Cincinnati and that she had a ticket to St. Louis and had acted in a very strange manner during the trip to this city. Dr. Fletcher was called and she was taken to his sanitarium. Yesterday afternoon she was more rational and said that she is the wife of J. R. Smith, a traveling man of St. Louis, her husband being a prominent Knight of Pythias and she a member of the Daughters of Rebekah. She is being looked after by fraternity friends.

Contract Jumper Expelled from the Elks.

COLUMBUS, O., June 12.—At a special meeting of the Elks here last night, Charles Reilly, the ball player, who jumped his contract with the Columbus club, was expelled from membership. At a previous meeting of that order, Messrs. Lazarus and Born, members of the base ball company, preferred charges against the third baseman, which were investigated with the above result. Reilly, hearing that the Elks were thinking seriously of dropping him, telegraphed Mayor Karb, who is an Elk, also a base ball patron, saying that he would rather come back to Columbus than forfeit his membership in the lodge. The only reply sent to Reilly was the notice of his expulsion.

Leaving a Path of Ruins.

BOSTON, June 12.—Instead of an abatement in the forest fires which are devastating the northern section of the province, says a St. John, N. B., special to The Evening Herald, the efforts of settlers to stay the march of the flames seem to be fruitless. It looks now, unless rain should come and at once, as if the fire would only cease after having consumed all the combustible material within reach. Houses, outbuildings and forests have been swept out of sight, leaving a path of ruin.

Man and Horses Killed.

NEWARK, O., June 12.—At 6 o'clock yesterday Noah Van Horn, aged 60, and driver for Fink & Lasey, commission merchants, was caught on the Church street railroad crossing by a Baltimore and Ohio train, and Van Horn and both the horses were instantly killed.

Earthquakes in Northern Italy.

ROME, June 12.—Northern Italy was visited yesterday by more earthquake disturbances. At Verona, Tregnago and Badia Cavaleda the earth shook repeatedly throughout the day, and many houses were damaged and the inhabitants panic-stricken.

Crushed in a Mine.

AKRON, O., June 12.—While Richard Thomas was examining a fall of shale in a coal mine near Tallmadge, this county, a boulder weighing 1,000 pounds, fell from a height of seventy-five feet, killing him instantly. He leaves a wife and two children.

Quarrelled in a Saloon.

BIRMINGHAM, Ala., June 12.—At Selma, last night, McConnell Shelly, son of ex-Congressman Shelly, was shot and fatally injured by a saloon keeper named S. F. Burch during a quarrel in the latter's saloon.

## AT ST. ANTHONY'S SHRINE.

Thousands of Invalids Expecting to Be Healed by Faith.

PITTSBURG, June 12.—The truly remarkable cures of all ailments that flesh is heir to, effected by the Rev. Father Mollinger at the Shrine of St. Anthony, on Troy Hill, Allegheny, is attracting attention throughout the country. Over 1,000 invalids from various parts of the country have arrived in this city since Monday, and they are coming by every train.

Several of the number, whose ailments were apparently beyond all human power to relieve have already been restored to health or greatly relieved. Yesterday Father Mollinger was obliged to move from the sacristy of the little church to the more commodious school building adjoining. At one time over 2,000 patients were awaiting their turn to receive the venerable Father's blessings and whatever remedies he should apply.

Next Saturday is St. Anthony's day and preparations are in progress for the accommodation of the thousands who will be present on the day in which the priests' power to heal is said to be extraordinarily great, because St. Anthony is the saint from whom he derives that power.

Yesterday two blind boys, born blind, aged 18 and 16, led by their mother and sister, sons of Mr. Culbertson, a wealthy farmer near Halifax, N. S., arrived from the Norton blind asylum at Halifax. Yesterday evening a large number of individuals, residents of Nashville, Tenn., arrived, accompanied by friends, and hastened to Troy Hill.

The scenes in and about the church are remarkable and at least some of the cures effected are little short of miracles.

It was discovered yesterday that Adolph Hepp, Father Mollinger's amanuensis and interpreter, together with his brothers, Frank and John, and Jacob Hock, have for several days been extorting fees from the afflicted, representing that they had great influence with the priest. One of the Hepp brothers said by this plan they secured several hundred dollars a week.

Father Mollinger makes no charge whatever for his services. His attention has been directed to the scandal caused by the actions of these young men, and it will be stopped and the participants made to suffer.

It is stated that Father Mollinger has been summoned to Rome by the pope. He leaves on Monday next. The purpose of the special call is not known, but the knowledge of his going has created consternation among his many patients.

### BUILDING BLOWN UP.

Dynamite Resorted to to Get Even for Loss of Property.

AVON, Mass., June 12.—A small building owned by the town and occupied by Italian laborers on the water works was burned yesterday with many valuable tools owned by the town. During the fire Marcus M. Porter, a well known citizen publicly declared he had purposely blown up the building with dynamite. He was arrested and taken to Stoughton for arraignment.

Mr. Porter was known to have entertained a grudge against the town, and also to have suffered from temporary aberration of the mind. He owned the spring from which the town's water supply is taken, and the property adjoining, and he has never been satisfied with the compensation awarded him. Before firing the building he removed the effects of the Italians, but not the town's property. The affair has created a great sensation.

### The Elliott Murder Trial.

COLUMBUS, O., June 12.—The testimony in the Elliott trial, showing that the defendant and his brother fired the first three shots on the day of the Osborne murder, is accumulating. The whole evidence tends so far in that direction, and a large number of witnesses are yet to be examined on this point. The defense yesterday issued subpoenas for about one hundred witnesses, among whom are ex-Governor Foraker, of Cincinnati; Maj. William McKinley, of Canton, O.; ex-Lieutenant Governor Warrick, of Massillon, Judge Nash and others prominent in the political and social world. These have been called to testify to the character of the defendant.

Judge Pugh has decided to allow Patsy J. Elliott to remain in the court room during the examination of witnesses as to what took place in the hat store, but he will be excluded at all other times. He also admonished the attorneys against consuming too much time in the examination of witnesses. From this on only questions having a purpose to them will be allowed to be asked, and all impertinent or interrogatories about immaterial facts will be shut out.

### Eaten by Hogs.

MACOMB, Ill., June 12.—A horror was unearthed here Wednesday. Mrs. Martha Wayland, aged 80 disappeared from her home early Tuesday morning. That evening her grand-son went into a pasture, and there discovered a drove of hogs fighting over some object. An investigation showed that the brutes were feasting on the woman's body. Assistance was called, and the men were compelled to beat the hogs away from the corpse with clubs. The brutes fought the men like wild cats. The body presented a horrible appearance.

### A Game Rooster.

ENGLISH, Ind., June 12.—Henry McDermott, a farmer, near this place, owns a rooster of the "Irish game" breed, which killed seven geese, eleven turkeys and two game-cocks in one day. He fought the geese collectively and also the turkeys. McDermott owns a sow that was caught killing barnyard fowls and was consigned to the pen. The game-cock was thrown into the same pen as a penalty for his misdeeds, but in a few minutes he had hopelessly blinded the hog in both eyes and was master of the situation.

### Had Spurious Money.

CINCINNATI, June 12.—William H. Soble is under arrest here, charged with "having in his possession or offering for sale spurious or fictitious banking notes" on the bank of Prince Edward Island, supposed to have been stolen.

## OUR NEIGHBORS.

### SARDIS.

Children's Day was observed here last Sunday (June 7) by the M. E. Church. The programme of "Pearl Gatherers" was interesting and instructive. The house was beautifully decorated with evergreens, flowers, and singing birds. The congregation was large. The parts were well committed. The organist, Miss Cora Bratton, played a voluntary while the entire school, headed by the "Pearl Gatherers," each of whom carried a banner, marched into the church and found their respective places. "Hail the Glad Season" was sung, and prayer was offered by the pastor. There was some responsive reading by the leader and the school, after which Miss Lillie Dye made the "Introductory Address." Miss Alice Bratton represented the Pearl of Righteousness, Mr. Clarence Gifford that of Education and Miss Lillie Dye that of Love. Each speaker carried a banner on which was inscribed the pearl they represented. After reciting their part they took their stand in the background. Then followed the hymn, "O, Matchless Love." The banner of Industry was borne by Mr. Thos. Bratton, that of Gentleness by Miss Thos. Bratton and that of Innocence by Miss Ethel Grover. "Innocence" was accompanied by the infant class who sang "Growing Up for Jesus," and repeated a number of verses about "Jesus and the Children." "The Story of Eden," "The Child and the Serpent" and "The Two Pictures." The part of the infant class was very impressive. Mr. Charlie Tomlin represented the Pearl of Obedience, and Mr. Ollie Farmer that of Nazareth. Then Miss Carrie Dye, who had the part of Religion, was crowned by the Pearl Gatherer of Nazareth. After this the entire group of "Pearl Gatherers" knelt about the altar sang "Tis Religion That Can Give." This was intensely solemn. Then came the dialogue, "The Board of Education and Its Work," by Miss Ollie Farmer and Miss Lydia Tomlin. The collection was \$5.04. The general opinion here is that Children's Day was never better or more pleasantly observed.

### Whooping Cough.

"We have had an epidemic of whooping cough here, says A. B. Pope, Stewart, Tenn., and Chamberlain's Cough Remedy has been the only medicine that has done any good." There is no danger from whooping cough, when the remedy is freely given. It completely controls the disease. Fifty cent bottles for sale by Power & Reynolds.
